

Baler

B36

Key features

- Compacts paper, plastic and cardboard
- Door with latch engineered for gradual release
- Hydraulic bale eject function
- Optional hepa filtration system available

OEG's **ENVIROPAK** B36 baler efficiently compacts paper, plastic bottles, and cardboard with an impressive 60,000 pounds of compaction force. This ensures significant waste volume reduction, leading to lower disposal costs. All balers meet and exceed international MARPOL 73/78 Annex V and use UL listed components.
